

Press Release

M.K. Computer Electronic becomes Ricoh's new spare parts distributor for printers and copiers

M.K. and Ricoh Partnership

Göppingen, 25.09.2024 – M.K. Computer Electronic GmbH, one of Europe's leading distributors of IT spare parts, proudly announces its new partnership with Ricoh. Effective immediately, M.K. is the official spare parts distributor for Ricoh printers and copiers in A3 and A4 formats. This collaboration aims to optimize availability and service for resellers, system houses, and other Ricoh customers.

Excellent availability and fast delivery times

Thanks to the collaboration with Ricoh, M.K. Computer Electronic can supply its customers with a wide range of Ricoh products. With over 1,000,000 listed items in its warehouse, M.K. boasts the largest stock of printer spare parts in Europe. This guarantees quick and smooth delivery of Ricoh products, enabling customers to benefit from short delivery times and high availability.

Comprehensive service for resellers and system houses

"The partnership with Ricoh is an important step in offering our customers a broader range of products and improved service. Our strength lies in fast supply and high availability – a crucial factor for resellers and system houses that often rely on short-term deliveries," says Massimo Scuderi, CEO and founder of M.K. Computer Electronic.

Benefits for Ricoh customers

In addition to fast availability and flexible delivery options, Ricoh customers benefit from extensive consulting and service provided by M.K.'s experienced team. M.K. supports its customers in selecting the appropriate spare parts and ensures a smooth procurement process for repairs.

"We are excited to support Ricoh customers in the future with our broad portfolio and service. Our experience and know-how make us a reliable partner for those who value quality and speed," adds Massimo Scuderi.
